

How to backup record file

Step 1. Insert USB drive to USB port

Users have 3 ways to control DVR:

1. Front Panel
2. USB mouse
3. Remote Control

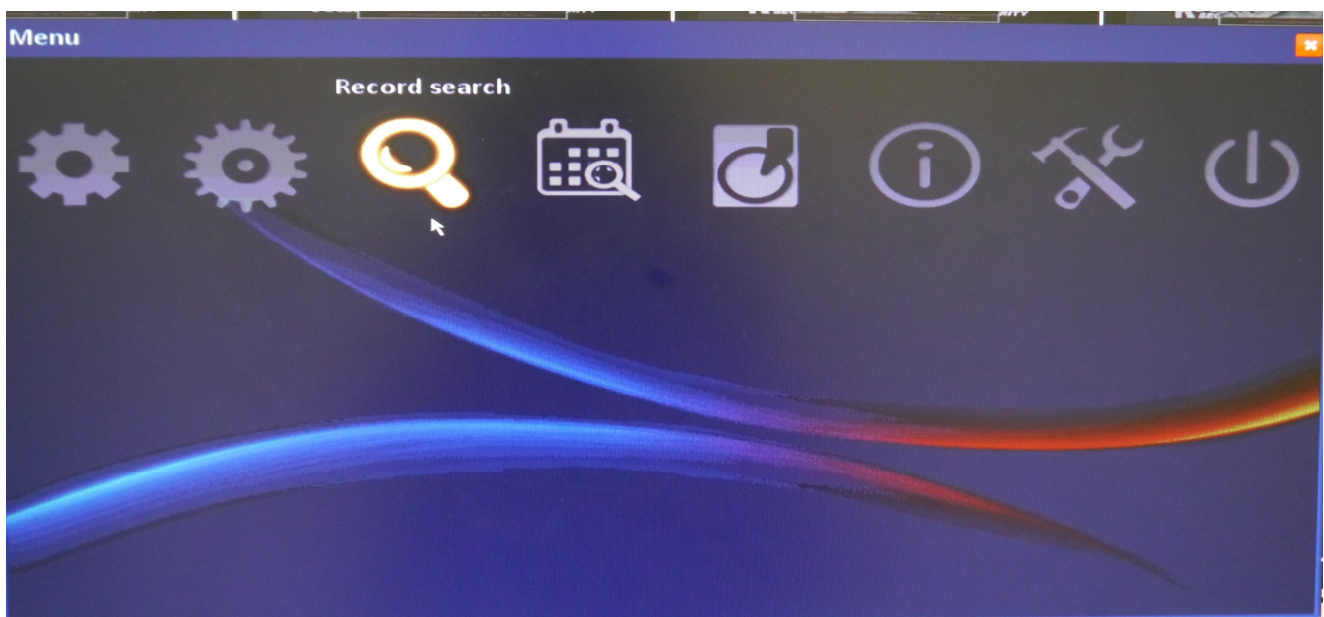

Here we use USB mouse to control DVR.

Step 2. Right click USB mouse button to bring GUI menu and click “**Menu**” icon

Step 3. Select “**Record search**”

Step 4. Set the information below :

- (1) CH
 - (2) Date
 - (3) Time
- and click “Search”

Record search
